Professor J. H. Cameron,
University College.

Dear Professor Cameron:

Many thanks for the clippings
from the "Weekly Star" telling of the fine impression
made by Professor Souair. I am glad indeed that he
did so well.

With kind regards, I am,

Yours sincerely,

President.

My dear President,

As Professor Squair, the head of our Department, has intimated his desire to retire from the College Staff at an early date, I take the liberty, as the next member of the French department in point of length of service, to make the suggestion that Professor Squair should be given the title of "Professor Emeritus". This has been done in the case of at least two Professors who have recently withdrawn, and perhaps it should have been done in other cases.

Permit me to add, as a general recommendation for the arrangement of the personal lists in our Calendar, that the names of the Professors who have been given this new title should be separated from the list of those who are in full activity, so that there may be no error in addressing correspondence to the Departments; and, further, that if the names of the Professores Emeriti are to be retained in the alphabetical list at the beginning of the Calendar, their title should always be conspicuously printed.

Believe me to remain,
My dear President,

Very respectfully Yours,

J. Home Cameron
